Title: Report to the Crown

Rangers in Brae, are  
faithful, but wishing for  
a  
little recognition from the  
crown for their efforts.  
This is understandable  
given the effort they put  
in to protecting the  
realm. Plus, they played a  
pivotal role in that  
whole "throw the  
ring in the fires of  
Mount Doom" thing.

Miners in minoc, say that  
the wealth of Mount  
Kendall seems  
unending, unlike the health  
those who work to free  
its riches. I believe a  
raise in the minimum  
wage  
to  
\$15 an hour is in order.  
The gems of the crown  
do come from their  
sweat  
after all, and we  
don't want any spit on  
the crown jewels.  
The Mages in  
Moonglowfare just fine  
without interference. They  
feel the constant visits  
mean the crown does not  
trust them. I feel the  
mages are  
a tad dramatic,  
and are acting like nerds.  
I would suggest  
cracking down on those  
hooligans a bit, they think  
too highly of themselves,  
and their shennanigans  
aren't funny, which makes  
them not really  
shennanigans at  
all really. Really.

Farmers in Britain fare  
well, but only barely.  
They report life is hard  
when the crops don't  
come. I explained to them  
that using  
water instead of  
Brawndo the thirst  
mutilator should help  
their crops come  
in better next year.  
I also gave them some  
gold and a one-year  
subscription to  
FarmersOnly.com

Sailors in Vesper  
report they need fewer  
pirates in the  
waters around jhelom, the  
waters be teaming  
with pirates these days. I  
responded with lyrics  
from  
Jimmy Buffet's "A Pirate  
Looks at 40" And they  
asked me to leave like a  
weirdo.
